

## **REMARKS**

Prior to this Reply, Claims 1-40 were pending. Through this Reply, Claim 32 has been amended. No claims have been cancelled or added. Accordingly, Claims 1-40 are now at issue in the present case.

### **I. Allowable Subject Matter**

Applicant notes, with thanks, that the Examiner indicated that Claims 1-31 and 36-40 are allowable.

The Examiner objected to Claims 32-35 because of an informality. Specifically, Claim 32 depends upon itself and Claims 33-35 depend from Claim 32. In response, Applicant has amended Claim 32, so that it now depends from Claim 31. Accordingly, Applicant believes that the objection has been overcome.

### **II. Abstract**

The Examiner objected to the Abstract due to a minor informality. The Examiner found that the phrase “said data” on page 40, lines 7 and 9 is indefinite. The Examiner noted that the word “said” should be avoided in the Abstract for better clarity. In response, Applicant has amended the Abstract, such that the phrase “said data” on page 40, lines 7 and 9, now reads “the data.” Accordingly, Applicant believes that the objection has been overcome.

### **III. Specification**

The Examiner objected to the specification because of a minor informality. The Examiner indicated that the paragraph that begins on page 2, lines 5-16 needs to be revised for

clarity and better readability. More specifically, the Examiner indicated that the sentence on lines 9-11 is not clear and comprehensible.

In response, Applicant has amended the sentence that begins on page 2, lines 9-11. Accordingly, Applicant believes that the objection has been overcome.
